NEW MOON, FULL MOON, AND THE ZODIAC

The next two years - 2018 and 2019 - I consider stellar years to consider starting a home business. The reason for this is because the first New Moon in both years takes place in Capricorn. Since Capricorn rules the 11th House which covers career, goals, fame, success, achievements, and public image, I think this is perfect to set a specific main business goal and work with that goal through the New Moon and Full Moon Phases while also working with the sign energies throughout 2018. All with the intention of enhancing your home business. This may not be the way other people work with these energies, but I have found it to be very effective.

A great time to set goals for yourself and see the progress of those goals is to work with the two main moon phases - the New Moon and the Full Moon. It is believed that the New Moon starts the build up of certain energies within us and those energies peak when the Full Moon begins.

This means that a New Moon is an awesome time to set specific goals for yourself and, two weeks later, to check in and see how those goals are moving along with the Full Moon phase. This doesn't mean that the goals you have set must be completed within two weeks.

It does mean, however, that energies are changing that may affect the goals you have set for yourself as each New Moon and Full Moon throughout the year comes within a different Zodiac Sign. Each Zodiac Sign will bring forth new energies, but this will give you the opportunity to work with different facets of your personality in respect to your goals. This "card reading guide" will help you through that.

Also, there is a six month link between New Moons and Full Moons. In other words, each New Moon falls in a specific Zodiac Sign and, six months later, the Full Moon falls in that same Zodiac Sign. So, whatever goal you set with the New Moon will, hopefully, have been attained by the Full Moon six months later and you can, if you wish, begin again with a new goal at the next New Moon. You can also continue to work on the original main goal and just keep enhancing.

The Wee Folk Toracles deck is what will be used for the readings for these Moon Phases as they give a "course of action" to take concerning the goal you have set for yourself. There will be clues given through the Zodiac Sign the Moon Phase is in as to what you might consider working on and you'll see this reflected on each Moon Phase page. Use this "card reading guide" to enhance your home business.

The Wee Folk Toracles deck can be purchased from the homepage at www.landofweefolk.com and learning to read them is FREE through the ebook, "Become a Skilled Card Reader - Featuring the Wee Folk Toracles Deck". You can also get this training through videos on my Land of Wee Folk FREE TRAINING page or my You Tube channel. So, forge ahead and see what you can accomplish for yourself for 2018! It's going to be exciting!!!

JANUARY 1, 2018 - MONDAY
FULL MOON IN CANCER
1:25 pm Central Time

The Moon is the ruling planet of Cancer, so it is at "home" here. As it falls on the first day of the New Year of 2018, this is a perfect time to "finalize" 2017 as the Full Moon is about "endings". The sign of Cancer rules the 4th House which is all about your home, your privacy, your security, your parents (especially mom), children, your mothering abilities, nurturing and just plain tender loving care. Choose a question for the Wee Folk Toracles cards that reflects what you would like to "wind up" for 2017 that has to do with what Cancer depicts for you.
